

boatminder

Remotely monitor your boat 24/7

- GPS/SMS track on demand, security & location
- Remotely monitor theft, flooding & low battery via SMS

Features

- GPS/GPRS/SMS Communication
- Internal battery backup
- External GPS & GPRS antennas
- 6 inputs & 7 outputs remotely monitored & controlled
- Water-resistant
- Location, speed & direction can be reported via SMS
- Float switch for flooding alert by SMS
- Adrift or theft alert by SMS
- Input for intruder alarm

fleetminder PT2/TT1

Personal Tracker/Talkie Tracker

- Small, durable, reliable & waterproof
- Perfect for children, the aged, couriers, deliveries
- Also small covert tracker for assets

PT2

- GPS/GPRS/SMS Communication
- Internal batteries up to 4 days
- Motion sensor built-in
- SOS Panic button
- Internal antennas & memory
- Listen in function & can be used as data logger
- Easily programmable remotely
- Track via SMS/ Live web base tracking

TT1

- Two Way Communication
- Emergency voice monitor
- Built-in LCD Display
- Long Rechargeable battery life
- Motion Activated Alarms
- Emergency SOS
- Easy programmable & user friendly

fleetminder KEY FEATURES

FEATURES	BENEFITS
Locate/ Track	<ul style="list-style-type: none"> ● Vehicle information 24/7 ● Real-time tracking available
Security Setting	<ul style="list-style-type: none"> ● Set pin code to secure fleetfinder ● Allocate primary & secondary user
Meaningful Name or Easy Identification	<ul style="list-style-type: none"> ● Each vehicle can display the registration number, driver name or fleet for easy identification
NOTIFICATION	
Geo-fencing	<ul style="list-style-type: none"> ● Be noticed of out of authorised zones
Speed	<ul style="list-style-type: none"> ● Be noticed of pre-defined speeding
Tow-away	<ul style="list-style-type: none"> ● Be noticed of unauthorised tow-away
Low Voltage	<ul style="list-style-type: none"> ● Be warned of low voltages
Unauthorised Use	<ul style="list-style-type: none"> ● Be noticed of activated alarm
Duress Alarm	<ul style="list-style-type: none"> ● Be noticed of panic alarm activation
Controllable Inputs	<ul style="list-style-type: none"> ● Digital inputs for ignition trigger, alarm trigger. Analogue inputs for optional temperature sensing, or fuel level sensing.
Controllable Outputs	<ul style="list-style-type: none"> ● Disable starter motor; unlock/lock doors; Sound siren; Pulse fuel pump etc
Communication channels	<ul style="list-style-type: none"> ● SMS, GPRS, EMAIL
Low Cost	<ul style="list-style-type: none"> ● Inexpensive up front cost ● Transferable from one car to another

SOFTWARE FEATURES	BENEFITS
Tracking	<ul style="list-style-type: none"> ● Single/Multiple vehicles/ 2 Way GPRS Messaging
Replay A Day	<ul style="list-style-type: none"> ● With Date Selection (Fig. 3)
Reports	<ul style="list-style-type: none"> ● Activity (Fig.1) ● Idle ● Stop (Fig.2) ● Geofence ● Trip ● Driving Time ● Overspeed ● Customer Site ● Speed ● Service History ● Mileage ● Route Optimisation

WORLD LEADER IN GPS TRACKING SOLUTIONS

now puts you in the driver's seat, with the latest

STREET VIEW

fleetminder

What is fleetminder?

- fleetminder is a complete GPS Tracking solution, fleet management & business management system developed in Australia.
- fleetminder provides a complete range of reliable, robust & high quality hardware utilising GPS, GSM, SMS & Iridium Technology.
- fleetminder's web based tracking solution requires no 3rd party monitoring & offers a wide range of detailed but user friendly reports.

- Delivers maximum value to any business with staff and assets on the road.
- Guaranteed to improve a business bottom line.
- Delivers peace of mind to parents and guardians by protecting loved one and assets.
- Programmable solutions that are easy to use and easy to install.
- Can be tracked by PC, PDA & Mobile Phone.

“ We installed the fleetminder system in all of our vehicles around 12 months ago. The results were immediate. I would conservatively estimate that the product has added at least 30 minutes a day per vehicle in productive time.... and of course, we no longer need to ask; “Where are you now?” ”

- Steve Brown, GM of Active Plumbing

fleetminder delivers savings and results immediately

IMPROVE STAFF AND ASSET EFFICIENCY

Minute by minute reporting of asset and vehicle location reduces unnecessary and excessive mileage, late and inefficient staff. Eliminate or reduce on the job moonlighting. Staff whereabouts can be located online without having to contact them.

IMPROVE CUSTOMER SERVICE

Customer Site reporting provides history or all site visits. Find nearest vehicle instantly to a given address and provide quickest route. Proactively notify customers with precise updates on driver location.

IMPROVE OH&S

Inbuilt Panic alarm and optional distress alert with 1 km range improves staff safety and security. Remotely unlock doors with mobile phone. Overspeed alert reduces accident risk and vehicle abuse. Enforce restricted areas with Geofence alerts.

REDUCE WASTAGE AND COSTS

Save on fuel consumption and vehicle wear and tear. Reduce unauthorised use of company assets. Efficiency report provides accurate costings of staff and vehicle travel costs. Recover stolen assets and reduce insurance premiums.

UNAUTHORISED VEHICLE OR ASSET REMOVAL

Fleetminder can provide an alert if the equipment or vehicle is moved from its authorised location or if an alarm is activated. Loss from vandalised equipment can be reduced and recovery from tow-away greatly increased. This provides peace of mind for any fleet or equipment owner.

DISABLE STOLEN AND OVERDUE VEHICLES OR ASSETS UNDER DEFAULT

Protect your assets with complete control over any output. Using the starter disable feature, your vehicle can be remotely immobilised via computer or a mobile phone.

DELIVERS PARENTS PEACE OF MIND

fleetminder delivers peace of mind to parents by protecting their loved ones as it is capable of reporting the exact location of their kids to the parents straightaway via SMS.

PROTECT YOUR LUXURY & PERFORMANCE VEHICLES

For insurance purposes, it is becoming mandatory to have a GPS Tracking installed in many luxury and performance vehicles.

REPORTING AND SOFTWARE APPLICATIONS

Figure 1: Trip Report

Date & Time	Lat	Lon	Location	Trip Distance	Start Time	Stop Time
18/02/2008 10:00	33° 52' 45.000 S	151° 08' 00.000 E	18 The Gardens, Sydney, NSW 2010	0.00	08:00:00	08:00:00

fleetminder HYBRID

Iridium Satellite/GSM Live Tracking

- Iridium/GPRS/GPS/SMS
- Live tracking Worldwide
- Suited to mine sites, forestry, railway, remote locations and all marine environments

Features

- Rugged hardware
- Waterproof IP67
- Uses GSM Network first then Iridium communication when out of range
- Internal battery backup
- SOS Panic button
- External GPRS, GPS & Iridium antennas
- Internal memory
- 6 inputs & 3 outputs remotely monitored & controlled
- Easily programmable remotely
- -20°C to +55°C operating temperature
- CE, FCC, ROHS

fleetminder FM-NXTG

NEXT-G/SMS/WEB/GPS Vehicle & Asset Tracking & Management

- Next-G/GPS security & asset locator module
- Easily programmable for specific requirements
- Multiple inputs & controllable outputs.
- Suitable for fleet tracking & management

Features

- Internal battery backup
- Motion sensor built-in
- SOS Panic Button/Alarm
- External GSM & GPS antennas
- 6 inputs & 7 outputs remotely monitored & controlled
- Easily programmable remotely
- -20°C to +55°C operating temperature
- CE, FCC, ROHS

fleetminder FM

Fleet Tracking & Management

- GSM/GPS/SMS security & asset locator module
- Easily programmable for specific requirements
- Multiple inputs & controllable outputs
- Suitable for fleet tracking & management

Features

- Internal battery backup
- SOS Panic button/alarm
- 6 inputs & 7 outputs remotely monitored & controlled
- Easily programmable remotely
- -20°C to +55°C operating temperature
- CE, FCC, ROHS

fleetminder

VT

Vehicle & Asset Tracking

- GSM/GPS/SMS security & asset locator module
- Internal battery & memory
- Easy and quick to install
- Ideal for vehicle security & tracking

Features

- Internal battery backup
- SOS Panic button/ alarm
- Internal antennas for easy installation
- Remotely controllable output to disable vehicle via SMS
- Track on demand/ Live web based tracking
- Compact size
- -20°C to +60°C operating temperature
- CE, FCC, ROHS

fleetminder

CTS-2

Trailer, Asset & Covert Tracking

- GPS/GPRS/SMS Communication
- Internal batteries up to 30 days
- Ideal for trailer, asset & container tracking
- Suitable for covert tracking

Features

- GPS/GPRS/SMS Communication
- Water-resistant to IPX4
- Motion sensor built-in
- Internal batteries up to 30 days
- Light weight & compact
- Strong magnet mounts for easy installation
- Internal antennas & memory
- Programmable remotely
- 20°C to +55°C operating temperature
- CE, FCC, ROHS
- * Also available- CTS-1, compact with 10 days battery life

fleetminder SM-1

GPS Satellite ONLY Tracking

- GPS Satellite Tracking.
- Improve operation efficiency.
- Containers, trailers, motorhomes & portable campers.

Features

- GPS Satellite only tracking system.
- Integrated motion sensors built-in
- Comparative GPS positioning & custom configured sensors.
- Light weight & compact
- Powered by 4 "off the shelf" AA lithium batteries, providing 3+ years of battery life.
- Field managed without the need for harnesses, antennas or external power.
- 20°C to +55°C operating temperature
- CE, FCC, ROHS
