

PRODUCT CODE

G2 - 2200

PRODUCT DESCRIPTION

Bluetooth Car Kit With Voice Messaging & Email

NARRATIVE

The G2 - 2200 brings state of the art technology to make your driving experience safer. The system allows not only the usual hands free features like caller ID, voice dialing, redial etc but the system can read your text messages & emails to you through your car audio system speakers.

You can forward, delete or even create emails or text messages & even check your calendar & make appointments all by voice. If you are the social type you can even access your Facebook & Twitter accounts by voice, leaving your hands free for more important things, like driving.

Compatible with all current Bluetooth mobile phone models, the G2-2200 is the very best in hands free motoring accessories.
