NARRATIVE

This 4.3" touchscreen features award winning* navigation software with Australia wide NAVTEQ mapping included, red light camera, school zone & blackspot warnings as well as POIs. Functions include turn by turn voice instruction, 2D/3D screen views, door to door navigation, choice of the quickest & shortest routes, route preview and review for calculated route, toll & road avoidance, integrated GPS antenna & electronic compass. The NEVI-43 includes built-in rechargeable batteries for hand held use and a sturdy windscreen clamp for vehicle use. With quick start-up and rerouting technology, route preview and route planning options this powerful and feature packed portable system is top of its class. 12 month warranty and guaranteed software support and mapping updates for a minimum of 3 years.

After winning the best portable navigation system in the UK, the NESA Nevi-43 portable GPS system has received a highly commended award by this year's In Car Entertainment Magazine. It was compared against a wide range of products from all manufacturers and distributors in the Australian market.

Now announcing the NESA 4WD Nevi-43, which includes Hema 4WD mapping.
