

**PRODUCT CODE: DVR-4000Q**

**PRODUCT DESCRIPTION: 4 Channel Digital Video Recorder**

### NARRATIVE

The DVR-4000Q is a quality 4 channel DVR with GPS. It can connect up to four cameras, each with an individual trigger to record real time video. Records to up to 4x SD cards or a portable hard drive via the USB port. With GPS to log the position and speed of the vehicle with high credibility of evidence. Playback/monitor on any screen via the RCA video output, also used for device setup through the on screen display/graphical user interface.
