

# NESA

## PRODUCT CODE

**ECC-90**

## PRODUCT DESCRIPTION

*1/3" Colour motorized shutter camera*

## NARRATIVE

The die cast metal housing with moveable shutter protects this high quality Sony camera. The camera lens stays covered while your're driving, saving it from road grime and dust so your vision is not impaired when the camera is needed. Vandal and damage resistant, shockproof, waterproof and IR enhanced for nigh vision. Suitable for the toughest, harshest environments. It has automatic heating to eliminate any condensation. Controlled via ECL-562T screen.
